# Gift Catalog

SPRING / SUMMER 2020

**HEALING WATERS**  
INTERNATIONAL

## A note from Rob...

Dear Friend,

As each of us has experienced, this coronavirus is unprecedented. As you read through the projects in our 2020 Spring/Summer Gift Catalog, I urge you to consider how you can help during this time of crisis. Our core programs of Safe Water Solutions and Health & Hygiene Training are more important than ever to help people survive.

And we are called to be the hands and feet of Jesus in this world, especially now. Not only has this pandemic reminded us just how critical it is to have access to clean water and to practice good health & hygiene to stop the spread of viruses...it has also brought us closer together in spirit, as it becomes more apparent that we need each other during times such as this.

I am grateful to those who bring hope to the most vulnerable: the sick, the thirsty, the impoverished. **Thank you for your compassion more than ever.**

Serving Together,

Rob Anthony, CEO  
Healing Waters International

## RAPID RESPONSE FUND

Crisis—like the coronavirus—can strike at any time. The Rapid Response Fund means relief makes it to families faster, right when they need it. It helps Healing Waters cut through the hurdles caused by country shutdowns & restrictions and continue operating strategically, especially during emergencies.

Healing Waters is stretching to continue serving the most vulnerable. Neighboring communities are now coming to our water sites because some local municipal water distributions have been interrupted. To counteract the impact of COVID-19 and the increase for urgently needed safe water, we have established a Rapid Response Fund to keep our existing projects maintained and operating at high capacity to reach the most vulnerable.

**Your Rapid Response gift can save lives!**

**\$30 | \$50 | \$120  
\$250 | \$1,000**

# HEALTH & HYGIENE EDUCATION

The CDC reports that if everyone routinely just washed their hands with soap and water, a million deaths a year could be prevented. That is why we focus on teaching women and children about health and hygiene. Children are forming habits that they will carry with them for the rest of their lives. And women tend to be the keepers and influencers of the health and hygiene of the family and home.

A sampling of our curriculum topics include: *Water is Life or Death, How Germs Make Us Sick, Wash Your Hands, Healthy Body On The Outside, Nutrition for The Family*, and much more. The goal is to teach healthy habits that can prevent illness and save lives.

Our practical and adaptable education program has been taught in many countries and in dozens of contexts: inner-cities, rural villages, schools, churches, emergency shelters, health clinics, children's homes, town-hall meetings, tutoring programs, drug rehab centers, child sponsorship programs, and neighborhood patios.

# SAFE WATER SOLUTIONS

At Healing Waters, we provide custom-engineered safe water solutions for the underserved and marginalized in God's name. Unsafe water is dangerous to families and their community. And we know that "one-size-fits-all" solutions are not the answer.

That is why we custom design and engineer our safe water water systems for each site. Our designs incorporate ease of use, quality construction, low maintenance, and reliability. The technology itself ensures not just safe water, but water conservation as well. We're able to provide water to every community for pennies per gallon.

**\$25** provides safe drinking water for a month plus health & hygiene education for 10 people

**\$300** conduct training for a group of Safe Water Equipment Operators

**\$35** provides PET water jugs and dispensers for 5 families to drink more hygienically

**\$1,500** share in the cost to construct a water kiosk building

**\$50** training for one new Safe Water Equipment Operator

**\$100** provides maintenance on a community water system for 6 months

## YOU CAN PROVIDE H&H EDUCATION FOR:

two children  
**\$20**

an entire family  
**\$50**

a group of mothers  
**\$100**

an entire school  
**\$1,000**

an entire community  
**\$5,000**

## Sponsorship Spotlight SAN JUAN ALOTENANGO

In the rural Guatemalan town of San Juan Alotenango, a clean water kiosk has become a pillar of the community. Several members from one of our partnering churches in San Diego donated estate funds to build a water purification kiosk like the one shown in photos below.

This sponsored site provides safe water to the most marginalized and it hosts Health & Hygiene Classes for mothers and children to improve their wellness. And now that COVID-19 is shutting down local municipal water deliveries, not only is this water kiosk still serving Alotenango, but it has also become a clean water distribution hub for nearby communities!

## Sponsor A Safe Water Project

Sponsoring a safe water project gives families, churches, and organizations a way to make significant impact in unreached places!

Projects can be sponsored through church missions funds, workplace giving, matching campaigns, planned gifts, donor advised funds, family foundations, and other charitable giving vehicles. Our water projects vary in costs depending on the type of safe water solution and geographical location.

## Join the Saturate Community

It can be easy to saturate our lives with obligations, to-do lists, and goals. But what if we step back and saturate our lives and the lives of others with meaning, purpose, and joy through monthly giving?

You can transform lives through your gifts—saturating their lives with safe water to drink and health & hygiene training to protect their families.

When you join the **Saturate Community**, Healing Water's monthly giving program, you're a special part of our team and the communities you're blessing! You'll receive special updates and more so you can see the difference your monthly gift is making!

You can provide safe water and health & hygiene education for **AN ENTIRE YEAR** with your monthly gift of:

**\$25/month**  
provides for  
10 people

**\$50/month**  
provides for  
5 families

**\$100/month**  
provides for a  
classroom  
of children

**\$250/month**  
provides  
for up to  
100 people

*Each gift from this catalog will be applied where the need is greatest.*
